

Buhle's balloon

Your child's brain started developing even before their birth, and is constantly developing thereafter - especially during their early years of life. As a primary caregiver, you are the most important person in helping their brains grow, and preparing them for success at school. Sharing stories and talking to your child are the best things you can do to help them learn - even before they can speak! - and is a great way to spend time together.

Buhle's Balloon is a wordless story, so create the story with your child, learn new words, point things out in the pictures and ask them what they think is happening.

Enjoy it together!

BUHLE'S BALLOON

Penny Waterkeyn Thía de Klerk

It's Buhle's birthday and Kuhle has surprised him
with a beautiful big red balloon.

But suddenly a quick breeze snatches the balloon away
and off it goes out the door!

Join Buhle and Kuhle as they chase after the balloon
and help them find it.

(Can you find these things too?)
